Dear Sir/Madam

FOI-0124-698

Your request for information under the Freedom of Information Act 2000

Thank you for your request for information received on the 23rd January 2024. We can confirm that the Staffordshire and Stoke-on-Trent Integrated Care Board can provide the following information.

An anonymised copy of this response will be made publicly available on the ICB website.

Please see our responses in blue below:

Please confirm the ICB holds the following data, and where it is held please provide the data as requested.

Late Effects of Cancer Services

1. Please provide a list of all providers the ICB holds contracts with for Late Effects of Cancer services, which are variously (but not exclusively) described as:

- a) Late Effects/LE Service, Radiotherapy Late Effects Service**
- b) Pelvic, Pelvic Radiotherapy, Pelvic Radiation Disease/PRD Late Effects Service**
- c) Gastrointestinal & Urological, Gastrointestinal Late Effects Services**
- d) Gastrointestinal Consequences of Cancer service**
- e) Urological Late Effects Service**
- f) Radiation Cystitis clinic**
- g) Complex Cancer Late Effects Rehabilitation**
- h) Etc**

Please be advised that the Staffordshire and Stoke-on-Trent ICB (SSOT) does not hold any of the individual contracts detailed above. The ICB does not deploy Capital to System providers to support elective recovery: any Capital support would be transacted directly from NHSEI to Provider Trusts.

2. For each contracted provider, please provide the Service Specification that describes the service (whether standalone or integrated in a broader Service Specification).

None of these services stated above are excluded from the services commissioned by SSOT from any acute hospital Trusts and are not specifically stated in the contracts.

Staffordshire and Stoke-on-Trent ICB do not hold the requested information and the FOI request is best made to individual acute hospitals that provide cancer care for Staffordshire and Stoke on Trent residences.

For Staffordshire and Stoke-on-Trent patients the main acute Providers are:
