Dear

FOI-01-228

Your request for information under the Freedom of Information Act 2000

Thank you for your request dated the 19th January 2023. We can confirm that the Staffordshire and Stoke-on-Trent Integrated Care Board does not hold the information that you have requested. Please see our responses in blue below:

This is a request for information under the Freedom of Information Act 2000.

If you have established an Elective Recovery Board (or Elective Care Board) as part of the NHS's elective recovery plan, please could you provide me with:

2. All elective recovery board meeting agendas and minutes?

Please be advised that minutes are not produced for the group due to its operational nature, however agendas are included (see attached). Records are limited to a live action log.

Please note November 2022 and January 2023 meetings were cancelled.

3. A register of elective recovery board members' interests.

As can be seen in the agendas, each meeting is opened with the option for all participants to declare any conflicts of interest. To date none have been disclosed and therefore there is no separate register, other than the corporate registers of the individual organisations that employ board members. All members are required to abide by their organisational policy relating to conflicts of interest and are required to declare these when invited to do so at each meeting.

For context, the NHS England recovery plan published in February 2022 notes that "Elective care boards within each integrated care system (ICS) have been established to bring together local providers, including the independent sector, to agree priorities and solve operational challenges."
