Dear

**FOI/0925/1445**

**Your request for information under the Freedom of Information Act 2000**

Thank you for your email dated Thursday 18<sup>th</sup> September 2025 for information under the Freedom of Information Act 2000. We can now confirm that Staffordshire and Stoke-on-Trent Integrated Care Board can provide the following information.

An anonymised copy of this response will be made publicly available on the ICB website. The ICBs response is provided below in blue text.

*You have requested:*

***The Centre for Health and the Public Interest is currently undertaking a research project funded by the Friends Provident Foundation examining the amounts of profit generated by private companies providing services to the NHS.***

***We have used the ICB's publicly available data contained within its Spend over £25k returns for the financial years 2023-24 and 2024-25 as one of the key data sources for this analysis. Due to the fact that we will name each ICB in England in the final report on this research we would like to ensure that each ICB is given the opportunity to review the spend data that we have relied upon and if necessary to correct any errors and provide updated figures.***

***Below and in the attached spreadsheet is the data that we intend to use for the companies that are in receipt of ICB funds for the financial years 2023-24 to 2024-25.***

***I would be grateful if you could let me know if the expenditure data relating to each of the companies set out below and in the attached spreadsheet are accurate and if not if you could please provide accurate figures.***

***In the event that we do not hear back from you, we will assume that the figures in the attached are correct and that we can rely upon them in our published analysis.***
