Dear Sir/Madam

FOI-0724-913

Your request for information under the Freedom of Information Act 2000

Thank you for your request for information received on the 10th July 2024. We can confirm that the Staffordshire and Stoke-on-Trent Integrated Care Board can provide the following information.

An anonymised copy of this response will be made publicly available on the ICB website.

Please see our responses in blue below:

Recent NHS data indicates that respiratory testing, particularly spirometry, has returned to pre-pandemic levels.

Please can the ICB provide information relating to the implementation or future plans for spirometry and FeNO testing in your area.

Please be advised that spirometry services are now being delivered across Staffordshire and Stoke-on-Trent by primary care as a Local Enhanced Service. We have a number of providers who are now meeting the new accreditation requirements of delivering clinics at a practice / PCN and Federation level to ensure we go back to pre-pandemic levels. We have an implementation plan that will aim to have increased spirometry testing by the end of this financial year.

Should you require any further information or clarification regarding this response please do not hesitate to contact us. If you are dissatisfied with the response, you are entitled to request an internal review which should be formally requested in writing and must be within two calendar months from the date this response was issued.

Chair: David Pearson MBE

Chief Executive Officer: Peter Axon
