2. Please provide a list of all providers the ICB holds contracts with for elective mental health services for adults (>18-years-old) that require a GP referral to access and the first appointment is not with a consultant or a member of a consultant's team?

Please be advised that the ICB do not hold the information relating to the initial appointment with a patient, it would depend on which service the patient is referred to.

For each provider, please provide:

3. the service name?
4. Please state the clinician role who provides that first appointment (i.e. is clinically responsible for) the service. I am not interested in personally identifiable information, I am interested in the position, e.g. psychologist or mental health nurse?
5. the service specification (whether standalone or integrated in a broader service specification)?
6. the total number of referrals received in NHS Financial Year 2023/2024?
7. the total number of patients who started treatment in NHS Financial Year 2023/2024?
8. the total spend on the service in NHS Financial Year 2023/2024?
9. the current wait time?
10. The current size of the waiting list and the date this was correct at?

The ICB do not hold information about which roles sit in clinics etc, therefore your request should be signposted to the providers as per question one above.

Should you require any further information or clarification regarding this response please do not hesitate to contact us. If you are dissatisfied with the response, you are entitled to request an internal review which should be formally requested in writing and must be within two calendar months from the date this response was issued.
