Dear

**FOI/1025/1465**

**Your request for information under the Freedom of Information Act 2000**

Thank you for your email dated Wednesday 8<sup>th</sup> October 2025 for information under the Freedom of Information Act 2000. We can now confirm that Staffordshire and Stoke-on-Trent Integrated Care Board can provide the following information.

**You have requested:**

**Under the Freedom of Information Act, I would like to request the following information regarding supported living services for adults (aged 18-64) with primary support for learning disabilities (LD). Please also include data for adults (aged 18-64) with autism spectrum disorder (ASD) where information is captured for this cohort or where this is recorded as a primary support need.**

**Supported living may also be called Supported accommodation or Supported housing and is a housing scheme where housing, support and care services are provided to help people with disabilities live as independently as possible in the community. Providers of supported living will be registered to deliver personal care to service users.**

**Long term care is provided to clients on an ongoing basis and varies from high intensity provision such as nursing care, to lower intensity support in the community such as the provision of direct payments to arrange regular home care visits.**

**Please provide answers on the attached and accompanying spreadsheet.**
