Dear

FOI-03-304

Your request for information under the Freedom of Information Act 2000

Thank you for your request dated the 20th March 2023. We can confirm that the Staffordshire and Stoke-on-Trent Integrated Care Board does not hold the information that you have requested. Please see our responses in blue below:

I am currently researching the average weekly fee rates for social care services. In particular, I am focused on the weekly fee rates for adult long-term residential care in residential and/or nursing care homes.

If you could please provide the following information relating to the weekly fees that would be much appreciated:

Could you provide the figures for the average weekly fee rates charged for adults receiving care in a long-term residential care home split by the following criteria:

- 1. Primary care need: Where the primary care need is for example – Mental Health (MH), Acquired Brain Injury (ABI), Learning Disabilities (LD) or other conditions?**
- 2. Level of complexity: Low Acuity, Mid-Acuity and High Acuity (whereby high acuity would be the most complex cases and patients requiring the highest level of care). What would the fees be for the highest acuity cases and their comparison to fees for the low acuity and mid acuity cases per week?**

Please be advised that the Staffordshire and Stoke-on-Trent ICB do not hold this information as we are not the commissioner for social care services or residential care. Your request needs to be sent to the Local Authorities for completion. Contact details as follows:
