**I would like to request information related to MRI machines, on which prostate cancer MRIs take place, in community diagnostic centres that are in operation in your area.**

**I am requesting under the Freedom of Information Act a list of all the community diagnostic centres and their addresses in your area (both operational and any being developed), as well as the number of MRI machines at each diagnostic centre, and the age/date installed, make, manufacturer and specification of the MRI machines (e.g. installed in Dec 2022, GE Signa Architect, 3.0T) and if any AI software is installed and in use on them.**

There will be three Community Diagnostic Centres (CDC) in Staffordshire and Stoke-on-Trent each one is being led by a different acute provider trust. The CDSs are below and for specific information regarding MRIs will need to be sort from the relevant Acute Trust as the ICB does not hold this information.
