Dear

FOI-0225/1200

Your request for information under the Freedom of Information Act 2000

Thank you for your request for information received on 26th February 2025. We can confirm that the Staffordshire and Stoke-on-Trent Integrated Care Board can provide the following information.

- 1. Currently, is there a Locally Enhanced Service (LES) scheme active for Inclisiran within your ICB? If yes, please provide the start date of the LES**

No

- 2. Has there previously been a LES for Inclisiran within your ICB that is no longer active? If yes, please provide the time period when the LES was in place (start and end dates).**

No

- 3. Does your ICB provide any other form of financial incentive for Inclisiran (besides a LES)? If so, please briefly describe the nature of the incentive.**

We have a quality improvement framework for General Practice and one of the indicators in the framework is about achieving recommended target cholesterol levels for secondary prevention of cardiovascular disease. There is a scale of payment to practices depending on the proportion of the relevant cohort meeting the target. Practices are free to use all the formulary drugs including inclisiran to achieve the target cholesterol level in individual patients.

You can request an internal review by contacting the Staffordshire and Stoke-on-Trent ICB FOI team by emailing; staffsstokeFOI@staffsstoke.icb.nhs.uk or by post to the address at the top of this letter within 40 working days of the initial response.

If you are not content with the outcome of your internal review, you may apply directly to the Information Commissioner's Office (ICO) for a decision.
