Dear

FOI/07/464

Your request for information under the Freedom of Information Act 2000

Thank you for your request dated the 17th July 2023. Please our response to your request below.

You have requested information on:

I am seeking information on your tier 3 weight management service. Please can you let me know the following

What is the criteria for referral to the tier 3 service?

Do you have to do a tier 2 service first if so is there any exceptions?

How long is the waiting list?

At this moment in time there is no established tier 3 weight management service across Staffordshire and Stoke-on-Trent. Work is currently under way to develop a service and understand the needs of our population to inform the capacity that the service will require.

At this stage we are unable to advise what the access criteria will be, but the intention is that this service will interface with existing weight management services that are available.
