Dear

**FOI FOI-09-108:
Your request for information under the Freedom of Information Act 2000**

Thank you for your request dated the 9th September 2022. We can confirm that Staffordshire and Stoke-on-Trent Integrated Care Board do hold the information that you have requested. Please see our responses in blue below:

Would it be possible to receive the following information regarding your current wheelchair services and approved wheelchair repair services contracts for your ICB please? Understanding ICBs were formally created only recently and that you may not have updated contracts, this could be the collection of current contracts from your constituent CCGs.

1. Who is your WCS provider?

Opcare Limited.

2. Do you carry out a regular customer satisfaction score on your WCS provider? How is it done and scored? What scale is used?

Opcare submit on a monthly basis a quality report which includes patient feedback broken down by very good, good, fair, poor or very poor. This is reviewed by our Quality Lead to ensure customer satisfaction score is high and if patients are rating the service as low what actions are being undertaken to counter this. However, the ICB itself does not currently carry out regular customer satisfaction scores on Opcare. Pre-Pandemic a number of quality visits were undertaken where Commissioner and Quality colleagues have visited sites to gain feedback from patients directly. Now the pandemic is easing intention are to recommence the undertaking of these.

3. What is the current customer satisfaction score for your current WCS provider?

As of the latest submission of July 2022 the score is either Very Good or Good.
