

# Midwife-led birthing services consultation

**We're running a public consultation about our midwife-led birthing services at County Hospital, Stafford, and Samuel Johnson Community Hospital, Lichfield.**

These services have been temporarily closed since March 2020. We're consulting on a proposal to make this closure permanent – although antenatal and postnatal care would still be provided.

**We'd love to hear from as many people as possible – here's how to get involved:**

- Complete our online survey by midnight on **Sunday 3 August 2025**.
- Come to an online or in-person event – various dates during June and July.

For the survey, details of meetings and more information, scan the QR code or go to [staffsstoke.icb.nhs.uk/midwife-led-birthing-units](https://staffsstoke.icb.nhs.uk/midwife-led-birthing-units)
